SUMMARY

Senior Data Scientist (4+ yrs) building and shipping production **Generative AI (GenAI)**, **RAG**, and **agentic AI** systems across enterprise and healthcare. Strengths in LLM-powered conversational analytics (**NL-to-SQL**), agentic orchestration with **LangChain/LangGraph**, and scaling GenAI pipelines to production (**LLMOps**) with cross-functional teams.

SKILLS

Generative AI & NLP	LLMs, Generative AI (GenAI), RAG, Agentic AI, Prompt Engineering, Semantic / Vector Search, NL-to-SQL (Text-to-SQL), NER, Contextual Compression
Machine Learning	NLP, Deep Learning, Machine Learning, Statistical & Predictive Modeling, Feature Engineering, Anomaly Detection, XGBoost
Frameworks & MLOps	LangChain, LangGraph, PyTorch, Hugging Face, Scikit-learn, FastAPI, Docker, LLMOps / MLOps, Vector Databases
Languages & Cloud	Python, R, SQL, Git, BigQuery, AWS, Azure (Azure OpenAI)
Domain & Design	Architecture Design, Data Flow Modeling, UML, HIPAA / GDPR Compliance

EXPERIENCE

Genpact **Bengaluru, Karnataka**
Senior Data Scientist *Apr 2025 – Present*

Conversational Data Insights

- Architected and deployed an end-to-end **conversational analytics** platform (**NL-to-SQL / Text-to-SQL**) using **LangChain** and **LangGraph**, translating natural-language questions into SQL and returning concise natural-language summaries — serving 50+ beta users across 10 concurrent sessions and cutting query-formulation time by 65%.
- Engineered robust **Agentic AI** workflows with state management, error handling, and dynamic routing (92% task-completion rate), then drove their production integration and scaling (**LLMOps**) with 12+ cross-functional teams — sustaining 500+ weekly queries while improving validation, reliability, and client satisfaction.

Invoice Processing

- Spearheaded an automated invoice-processing pipeline using **LangChain** and **Azure OpenAI (GenAI)**, applying **prompt engineering** to reach 85%+ extraction accuracy across 10,000+ invoices and reduce manual processing time by 60%.
- Extracted key fields from diverse multi-format invoices across EMEA and NAM with support for 8+ languages, improving accuracy and consistency of information extraction.

UST **Kolkata, West Bengal**
Associate III Data Scientist *Oct 2022 – Mar 2025*

- Orchestrated a client-facing provider-search system using advanced **NLP** and open-source **LLMs**, boosting search efficiency by 30% and accelerating data-preparation tasks by 40%.
- Implemented **NER** and **semantic search** (vector-based retrieval) to map layperson language to medical terms, achieving a 25% improvement in operational efficiency and raising service quality for end-users.

UST **Kolkata, West Bengal**
Associate II Data Scientist *Jul 2022 – Sept 2022*

- Conducted patient-data evaluation in **BigQuery** with comprehensive data transformations, **feature engineering**, and statistical analysis — improving the client's understanding of adherence drivers by 45% and outreach to 10,000+ patients.
- Designed and implemented an **anomaly-detection** system for categorical healthcare data, adhering to **HIPAA** and **GDPR** compliance standards.

PERSONAL PROJECTS

Retrieval-Augmented Generation (RAG) QA Bot

- Engineered a Python **RAG** QA bot with hybrid retrieval (**BM25 + DPR / semantic search**), achieving 40% higher answer accuracy versus traditional search methods.
- Integrated GPT-3.5-turbo, Phi-2, and Llama3 with **prompt engineering** and contextual compression to cut hallucinations by 60%; optimized latency with SQLite caching and Slack integration.

Automated Summary Evaluation Competition *CommonLit, Vanderbilt & Georgia State University, Kaggle*

- Built a machine-learning model with **feature engineering** that scored 0.48 Mean Columnar RMSE, ranking in the top 9% of participants.
- Earned a **Kaggle Bronze Medal** for evaluating student-written summaries, enhancing evaluation accuracy by 65% and outperforming 90% of competing solutions.

EDUCATION

RKMVERI, Belur — M.Sc. in Big Data Analytics Jul 2020 – Jun 2022 CGPA: 7.71/10.0
Presidency University, Kolkata — B.Sc. in Mathematics May 2017 – Jun 2020 CGPA: 7.05/10.0

CERTIFICATIONS & ACHIEVEMENTS

- AWS Certified Cloud Practitioner (CLF-C01) • Microsoft Certified: Azure Fundamentals (AZ-900) • Kaggle Bronze Medal
